

Iryna Bocharova

Motion Designer & UI Animator

Motion Designer and UI Animator with 6+ years of experience in tech. I turn existing designs into explainer and SaaS product videos, and create UI and Lottie animations for web and mobile products: micro-interactions, onboarding flows, loaders, icons and state transitions, handed over ready for developers. I work remotely with studios in Australia, Thailand and Ukraine, both as part of a team and independently.

PROFESSIONAL EXPERIENCE

Motion Designer & UI Animator

2019 – Present

Freelance (Selected commercial projects)

- Long-term collaboration with studios (Phenomenon, Blue Carrot, Wonderbloom, Vidico and more)
- Created character and UI animations for educational platforms, apps, and marketing campaigns
- Produced animation for Snapchat sticker packs, following technical specifications and delivering assets to developers

Motion Designer
